Paragon Relocation Announces Award Winners for Supplier Excellence

DALLAS, TX – July 15, 2009 – Paragon Relocation Resources, a worldwide leader in global mobility and relocation services, today announced the winners of the ACE Awards for its top performing suppliers.

This year's winners are:

- **Cultural Awareness International** - Providing Cross-Cultural Training and related services for global corporations (www.culturalawareness.com).
- **Stevens Worldwide** - Providing top-quality relocation and move management services (www.stevensworldwide.com).

Each year, Paragon performs an internal evaluation of its suppliers and recognizes those who have demonstrated visionary leadership, customer-driven excellence and a focus on results, while creating value. These top performing suppliers are given Paragon's Acclaimed Certificate of Excellence (ACE), and receive a certificate and award for their service excellence throughout the previous year.

Each of the recipients was chosen based upon achieving 100% satisfaction in three key areas: communication, technical skills and service skills.

"The performance of Paragon's suppliers is critical to our success." said Stephen Crispin, Paragon's director of global business alliances. "Both Stevens Worldwide and Cultural Awareness International have performed admirably throughout the years and especially in 2008. We sincerely appreciate their efforts and look forward to working with both firms into the future."

Paragon extends its gratitude for the results, service and teamwork the ACE Award winners have provided to our mutual clients and customers. It is through their contributions that Paragon is able to commit itself to the service excellence that the relocation industry demands.
